REASONS FOR ALLOWANCE

1. Claims 15 - 35 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest, in combination with the claimed elements, a multi-directional control switch unit having a first switch contact for outputting a first signal that continuously varies while a top surface of an operating member undergoes a sliding press along a locus in arc form and a second switch contact for outputting a second signal while the top surface of the operating member is pressed by a first force; wherein the first switch contact is formed by a ring-shaped resistive layer and a first ring-shaped conductive layer and the second switch contact is defined by the ring-shaped resistive layer and the second ring-shaped conductive layer.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
